

Description

Basic Home Charging Station

Technical Specificaties

max 32A	WiFi	IP54	7KW
IEC 61851	RoHS	CE	IK8

Output	Max 32A
Mounting	Wall box type easy to install
Working Voltage AC	230V AC (1P+N+PE)
Working Current	6A.....32A
Rated Power (KW)	max 7KW
Max. Charging Current	adjustable via WiFi or Dip switch
Compatible with all plug-in vehicles	
Protection Level	IP54
IK Level	IK8
Dimensions	210x160x126mm
Net. Weight	2,5kg
Warranty	2 years
Housing:	PC+ASA (UL94 V-0)
Monitor and stop charging by smartphone trough Wifi	
Comform EN IEC 61851-1:2019 - iTeh Standards	
Annular LED charging status indicator	
Ambient air temperature	-25C° +50C°
Type-B RCD (6mA DC+ 30mA AC) leakage detection included	

Durable – Delightfull – LED
